

GROVE HEALTH MAPLE GROVE, MN

“2011 IFMA Award”

The Grove Health facility in Maple Grove is home for several prominent Twin Cities’ patient care organizations. The MAPS Medical Pain Clinic and the Minnesota Surgery Center are a coordinated team of specialized health care professionals, physical therapists, and behavioral health providers with the experience to relieve pain and improve function in patients with persistent pain who have failed to respond to routine medical care. The Gillette Children’s Clinic offers rehabilitation therapy for children and teens with disabilities. They also offer a full range of assistive-technology services to patients of all ages.

Total Facility:	40,634 ft² including a MAPS Surgery Center and Therapeutic Pool
Total Project Costs:	\$48,451.00
Project Payback:	1.2 years (Proposed)
Annual Energy Savings:	20% (Proposed)
Financial Incentives:	Federal tax credit Xcel Energy and Center Point Energy Utility Rebates
