Total Project Costs:	\$18,000.00
Project Payback:	1.6 years
Annual Energy Savings:	25-30%
Financial Incentives:	Federal tax credit Hutchinson Public Utilities rebate

"Gilbert Mechanical Contractors, Inc. worked diligently to reduce the energy consumption costs at our surgery center and clinic. They developed a unique approach with support of Minnesota Department of Health to optimize the surgery suite operation. The successful results achieved at Regional Eye Center helped Gilbert to successfully utilize a similar approach for other projects."

Dr. Chris Wallyn M.D. & Dr. Michael Merck M.D., Regional Eye Care
